## AMORTECEDOR É HG A MAIS ALTA PERFORMANCE DO AZUL NAKATA.

### Exija a tecnologia líder em suspensão.

HG é mais que um amortecedor. É alta performance em pisos irregulares e curvas acentuadas. É segurança, é durabilidade, é a tecnologia do primeiro amortecedor pressurizado do Brasil. E também é o único com a força e a confiança do azul Nakata.

#### SISTEMA DE VEDAÇÃO DE ALTA RESISTÊNCIA = MAIS DURABILIDADE

Os materiais de borracha de alta performance e baixo atrito proporcionam maior resistência ao desgaste e às variações de temperatura, mantendo o perfeito funcionamento e evitando vazamentos.

#### TECNOLOGIA HIDROGÁS = MAIS DESEMPENHO

O nitrogênio à baixa pressão não deixa faltar óleo no ciclo de abertura da haste, evitando os "vazios" ou falhas no acionamento.

#### STOP HIDRÁULICO = MAIS CONFORTO

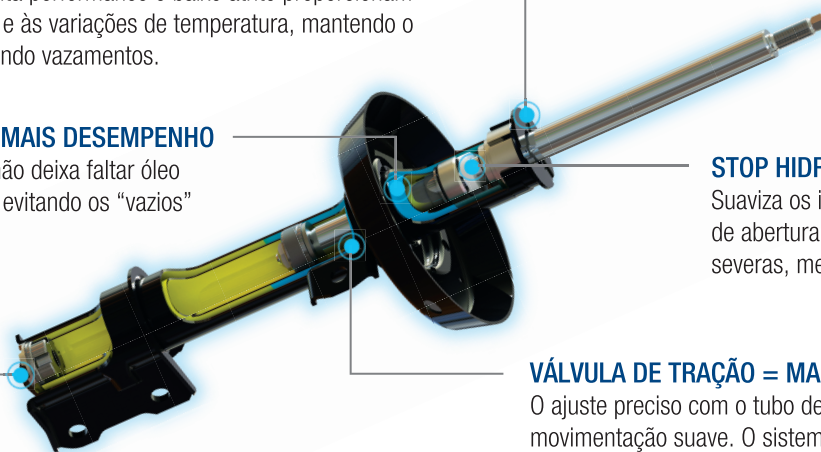

Suaviza os impactos no final do curso de abertura da suspensão em condições severas, melhorando o conforto do usuário.

#### VÁLVULA DE TRAÇÃO = MAIS CONTROLE

O ajuste preciso com o tubo de pressão proporciona uma movimentação suave. O sistema autorregulável, em três níveis de velocidade, oferece respostas rápidas de acordo com as condições da pista e condução do veículo.

#### VÁLVULA DE COMPRESSÃO = MAIS ESTABILIDADE

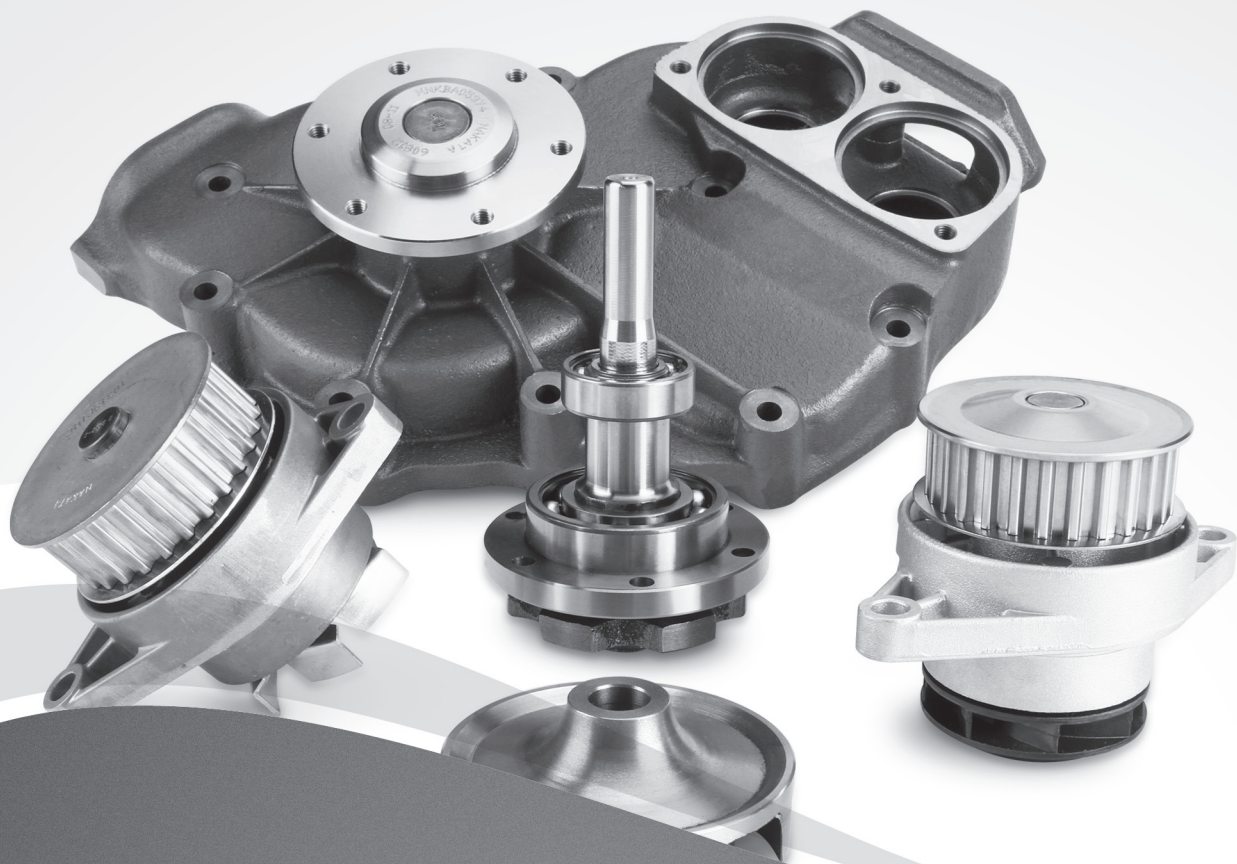

Fixada na parte inferior do tubo de pressão, garante a ação do amortecedor, proporcionando estabilidade e o conforto do veículo.

**TUDO AZUL. TUDO NAKATA.**

# NAKATA®

Neste catálogo você encontrará todas as aplicações da linha de **Bombas d'água NAKATA**. O catálogo está dividido em três tabelas e um índice por código.

**Aplicação por montadora e veículo:** localizada a partir da página 8 apresenta todas as aplicações de bombas d'água, divididas de acordo com a montadora do veículo.

**Tabela de ilustração:** localizada a partir da página 40, facilita a identificação do produto desejado.

**Tabela de equivalência:** localizada a partir da página 50, mostra os códigos dos produtos que devem ser aplicados no lugar de modelos fornecidos pelas montadoras.

**Índice por código NAKATA:** localizado na página 57, indica as páginas da tabela de aplicação que relacionam o produto.

En este catálogo usted encontrará todas las aplicaciones de la línea de **Bombas d'água NAKATA**. El catálogo está dividido en tres tablas y un índice por código.

**Aplicación por marca y modelo:** esta tabla presenta todas las aplicaciones de bombas d'água, dividida de acuerdo con la ensambladora del vehículo.

**Tabla de ilustraciones:** esta tabla presenta el dibujo de cada producto, para mejor identificación.

**Cruce de referencias:** esta tabla indica los códigos de intercambio con otras marcas de la competencia.

**Índice por código NAKATA:** Señala la ubicación de cada Código en las páginas de la tabla de aplicación correspondiente para cada producto.

In this catalog, you will find all information about **NAKATA Water Pumps**. This catalog is divided in three charts and one index code.

**Application by maker and model:** this section presents all applications about water pumps, divided according to the car maker.

**Illustrations chart:** this section presents the image of each product.

**Cross reference list:** this section presents all competitors cross reference part numbers, divided by competitors.

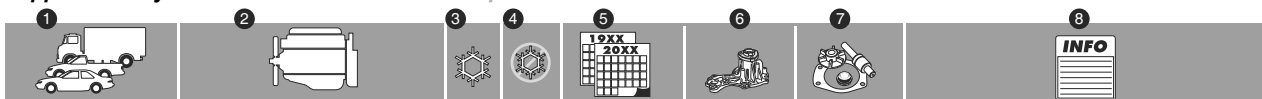

**Index by NAKATA PN's:** this section presents where you could find **NAKATA** p/n in application by manufactures and model charts.

# NAKATA®

Neste catálogo você encontrará todas as aplicações da linha de **Bombas Óleo NAKATA**. O catálogo está dividido em três tabelas e um índice por código.

**Aplicação por montadora e veículo:** localizada a partir da página 66 apresenta todas as aplicações de bombas de óleo, divididas de acordo com a montadora do veículo.

**Tabela de ilustração:** localizada a partir da página 95 facilita a identificação do produto desejado.

**Tabela de equivalência:** localizada a partir da página 101, mostra os códigos dos produtos que devem ser aplicados no lugar de modelos fornecidos pelas montadoras.

En este catálogo usted encontrará todas las aplicaciones de la línea de **Bombas de Oleo NAKATA**. El catálogo está dividido en tres tablas y un índice por código.

**Aplicación por marca y modelo:** esta tabla presenta todas las aplicaciones de bombas de oleo, dividida de acuerdo con la ensambladora del vehículo.

**Tabla de ilustraciones:** esta tabla presenta el dibujo de cada producto, para mejor identificación.

**Cruce de referencias:** esta tabla indica los códigos de intercambio con otras marcas de la competencia.

In this catalog, you will find all information about **NAKATA Oil Pumps**. This catalog is divided in three charts and one index code.

**Application by make and model:** this section presents all applications about pumps, divided according to the car maker.

**Illustrations chart:** this section presents the image of each product.

**Cross reference list:** this section presents all competitors cross reference part numbers, divided by competitors.

A black and white photograph showing several fuel pumps of different designs and sizes arranged on a highly reflective, curved surface. In the foreground, several gaskets of various shapes are scattered. The background is a plain, light-colored wall. The pumps are metallic and have various ports and fittings. The lighting creates sharp reflections on the surface.

# BOMBAS DE COMBUSTÍVEL

Bombas de Combustible / Fuel Pumps

Neste catálogo você encontrará todas as aplicações da linha de **Bombas de Combustível NAKATA**. O catálogo está dividido em três tabelas e um índice por código.

**Aplicação por montadora e veículo:** localizada a partir da página 109 apresenta todas as aplicações de Bombas de Combustível, divididas de acordo com a montadora do veículo.

**Tabela de equivalência:** localizada a partir da página 114, mostra os códigos dos produtos que devem ser aplicados no lugar de modelos fabricados por outras marcas.

**Tabela de ilustrações:** Localizada na página 115, facilita a identificação do produto desejado.

En este catálogo usted encontrará todas las aplicaciones de la línea de **Bomba de Combustible NAKATA**. El catálogo está dividido en tres tablas y un índice por código.

**Aplicación por marca y modelo:** esta tabla presenta todas las aplicaciones de homocinéticas, dividida de acuerdo con la ensambladora del vehículo.

**Cruce de referencias:** esta tabla indica los códigos de intercambio con otras marcas de la competencia.

**Tabla de ilustraciones:** esta tabla presenta el dibujo de cada producto para mejor identificación.

In this catalog, you will find all information about NAKATA Fuel pumps. This catalog is divided in three charts and one index code.

**Application by maker and model:** this section presents all applications about Fuel pumps, divided according to the car maker.

**Cross reference list:** this section presents all carmaker cross reference part numbers.

**Illustration chart:** this section presents the image of each product.
